Your school's complete digital classroom, run by your own teachers.

Lessons, practice, question papers, exams, marking and report cards in one place, under your school's name, in your children's own language. Classes 1 to 12, CBSE and ICSE.

1,600+ lessons

1.5 lakh+ checked questions

7,400+ skills mapped

7 languages

Papers in minutes

Choose the class, chapters and marks. Ready to print with answer booklets.

AI marking, teacher's decision

Handwritten sheets are scanned and marked by AI. The teacher checks, changes and releases.

A skill map for every child

What's secure, what needs practice, and what to revise before the next chapter.

Nothing to install

Children sign in on any phone or computer, with a login ID on a printed slip.

Screens from our demo school. Every name and mark is made up. We follow each board's syllabus, and we are not affiliated with or approved by CBSE, CISCE or NCERT.

Everyone in the school gets exactly their part

The principal and the office

- Paste a class list, and every child gets a login ID in a minute.
- Print login slips, a hundred at a time.
- Add teachers, replace a lost password, move or switch off a child.

Teachers

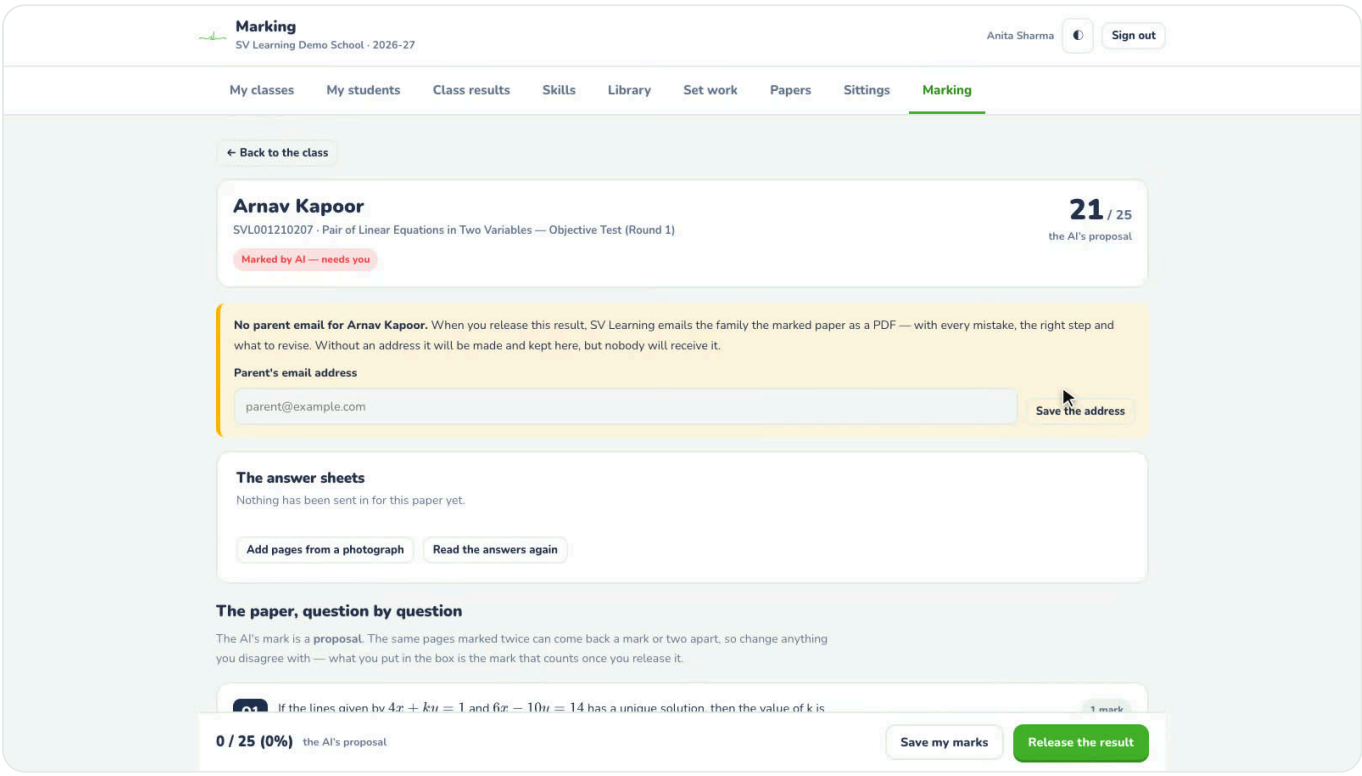

- Set chapters, practice papers and exams on your board.
- Build a paper from a checked question bank.
- See class results and the skill map.

Students

- Their class, what is set and when it is due, on one dashboard.
- Notes and explainers in seven languages.
- Practice marked at once, with every answer explained.

Parents, if you choose

- The school decides whether parents can link.
- Released results and skills, and a report card by email.
- No fees, no advertisements, nothing to buy.

From signing up to the first homework, in a day

1. We set up your school

Within a day of your decision. The principal accepts the data agreement first.

2. The office adds classes

Paste each class list, print slips, add your teachers.

3. Teachers set work

It is on every child's dashboard at once.

Safe by design

No advertisements. Data stored in India, never sold. Each child sees only their own class. Parents join only if the school allows it. A child who leaves is deleted automatically after 90 days.
